

Mother's Day Video Submissions

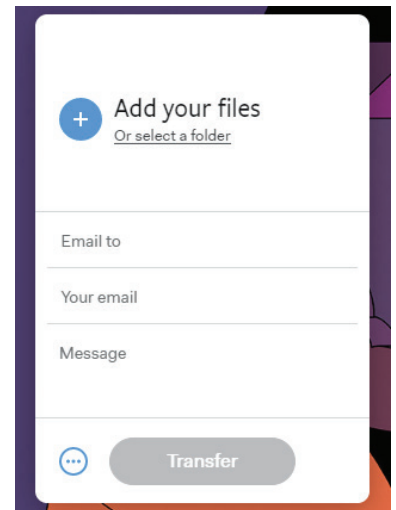

In an effort to continue staying connected, St. John's Home is offering families and friends the opportunity to submit short videos for their loved ones in recognition of Mother's Day.

We will then compile these videos together and share the playlist with residents.

To submit a video, follow these steps:

1. Record a video and go to wetransfer.com
2. You will see this screen here 
3. Select your video from files with the name labeled with your loved one's last name, first name, neighborhood, and room number
4. Email to videosubmission@stjohnsliving.org

If you are sending from a cell phone, you can go online to wetransfer.com and upload directly from your phone.

Please have your videos submitted by the end of the day on Thursday, May 7 to allow our team enough time to compile the submissions into a playlist.
